FARE is pleased to invite you to the launch of the 2013 Annual Alcohol Poll: Community Attitudes and Behaviours. The poll takes an in-depth look at Australians’ attitudes towards alcohol, their drinking behaviours, and their perspectives on key alcohol policies according to voting intentions.

Carried out by Galaxy Research, the poll asked a range of questions including:

- Do Australians feel that Australia has a problem with excess drinking or alcohol abuse?
- Do Australians feel that governments are doing enough to address alcohol misuse?
- How much money do Australians spend on alcohol each week?
- Do Australians pre-load before going out, and why?
- Do Australians drink more after having children?

The launch event will highlight trends in community perspectives on alcohol over the past three years, and include a presentation and panel discussion on the report’s key findings with alcohol and policy experts.

Tea, coffee and morning tea will be served.

**Event details:**

- **Date:** Thursday 18 April 2013
- **Time:** 10-11:30am
- **Venue:** Main Conference Room, Ground Floor
- **Cancer Council of Victoria, 100 Drummond St**
